Who loved a young lady with zest;
So hard did he press her

A GREAT RECORD

Dr. Leonhardt's Internal Pile Remedy
Makes 98 Per Cent. of Cures

Dr. Leonhardt's Hem-Roid has been tested in several thousand cases and was successful in all but 2 per cent.

Hem-Roid's wonderful record is due to the fact that it is an internal remedy. The cause of piles is internal, and it is too much to expect to cure piles with ointments, suppositories or operations. Hem-Roid cures the internal cause.

Sold for \$1 under guarantee by J. James Wood & Son, Maysville, Ky. Dr. Leonhardt Co., Station B, Buffalo, N. Y., prop. Write for booklet.

"NIGHT RIDERS"

New Breed Worked in Field in Bracken County

A special from Ripley says—Recently Prof. W. H. Pepper, an invalid, who lives on a farm with his young son, Cecil, got behind with his setting out of tobacco plants.

One morning the boy went to a plant bed and found it entirely bare. Hoping that the other bed had been overlooked, he went to it and found a dozen men pulling up the plants and carrying them away in baskets.

Warily following them to his field, he saw them join other neighbors, who in reality were setting out his crop for him.

While they were all busily at work their leader saw young Cecil and cried out to him: "Come in, young man, and sign up; the night riders are upon you."

They finished up the job in short order, and the crop is now growing splendidly.

GREAT enemies are met and vanquished. Small foes thrive while the ways and means for their banishment are sought in vain. As a case in point there comes an official statement from Washington that the Norway rat is costing the country \$100,000,000 a year.

Similarly, the cost of enduring the cotton-boll weevil threatens to reach a far greater sum each year; there are a score of fiends of the beetle family chewing up \$200,000,000 of forest trees annually; the cinch-bug genus has been equal to the destruction of about \$330,000,000 in cereals in a decade, and its capacity increases yearly. Besides which, the codling-moth in the apple trees, the borer among the peaches, the Hessian fly, the brown-tail and gypsy moths and many other swarming pests help to pile up a total annual insect cost of hundreds of millions.

NOTWITHSTANDING there was no tobacco raised last year there is an abundance of tobacco worms, many farmers reporting hundreds caught on some single rows of tobacco. Whether the crop is cut out or not, doesn't seem to lessen the number and activity of these abominable little pests, which annually cause a greater annoyance and financial loss to the tobacco raisers of Kentucky than all the cowardly, black dominoed night riders that ever came down the pike. But who can blame the innocent little tobacco worms for loving the weed which delights the head of countless millions of the human race? From Sir WAL-

TER RALEIGH down to the bewhiskered individual, and the dude of modern days; we all love our wives, but, oh, you tobacco!"

THE Sixteenth Amendment to the Constitution of the United States for an Income Tax has about as much chance of being adopted and ratified by the States as the proposition to have moonlight nights 365 nights of the year. Why the States should vote on this wholly Federal matter is a question we would like to have explained to our benighted understanding.

ONE-THIRD of the fools in the country think that they can beat a lawyer in expounding the law. One-half think they can beat the doctor in healing the sick. Two-thirds of them think they can put the Minister in a hole in preaching the Gospel; and all of them think they can beat the Editor in running the newspaper. —Exchange.

DR. MAX E. SCHLAPP of New York believes that the suffrage movement was started by "katabolic women," and in speaking before the National League For the Civic Education of Women at the Colony Club he argued that the duties of motherhood were vastly more important than any good that women might do in political fields.

THE fact that President TAFT has placed a large portrait of Mr. ROOSEVELT directly over his desk is somewhat disconcerting to a large number of Congressmen who hoped to be able to forget. —Kansas City Star.

JOHN D. ROCKEFELLER has given a lump sum of over \$50,000,000 for education, but never wastes a dollar paying Federal Court fines.

"Do you always allow the Minister who marries you to kiss you?"
 "Oh, no, my dear, that's out of style now. I always allow the Judge who divorces me to do so."

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing. When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

NATURE'S WARNING.

Mayville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in this locality. James W. Cottingham, East Second street, Vanceburg, Ky., says:

"About two years ago my back became lame and I had almost constant pain across my loins. It was all I could do to drag one foot after another and I was actually too weak to work. The kidney secretions were scanty and I had a difficulty in passing them. I was laid up at one time for a month and could not leave the house. When Doan's Kidney Pills were recommended to me, I procured a box and began their use. My kidneys were soon restored to their normal condition. I became strong and have had no trouble since. It gives me the greatest pleasure to recommend Doan's Kidney Pills to other persons suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in Plain English hosts of delicate questions which every woman, single or married, ought to know about. Don't let the bargain counter man, the traveling humbug, who stays one week only, the man who knows all trades and all professions or the man who only fits glasses when he has nothing else to do, talk you into buying a pair of glasses for your child. Get them for yourself if you want to. The loss of your eyesight might help you to realize that there is something in properly made and scientifically adjusted glasses. Stamped on the public mind as the "Light of Quality," with the advent of the Tungsten Lamp it now challenges comparison of efficiency and cost. : : : : :
